

LCR LOUDSPEAKERS

OVERVIEW

The Composer Collection complements the room with a modern and slim bezel-less frame. Regardless of form, the fit and finish of Origin speakers are as clean and impressive as their sound quality. Once installed the speakers become a part of the environment where they disappear unless, of course, your pride of ownership moves you to point them out.

DPSD™ TWEETER

This patented tweeter design that improves high-frequency performance, and that prevents distortion and increases loudness. This secondary stabilization allows the driver to be crossed over at a much lower frequency resulting in improved dispersion and decreased distortion.

COMPRESSION MOLDED BASKETS

Using time tested and true technique of compression molding, we designed and produced woofer baskets that are both highly stable and acoustically neutral. The result is a reduction in distortion without coloration from the basket itself.
