

SBR4

EASY. BREEZY. BEAUTIFUL.

The built-to-order SBR4 Soundbars feature a 4-inch woofer and are designed with compact, shallow enclosures and straight end caps in a premium, made-to-order construction. Our Origin Acoustics SBR4 model specifically will offer a compact, balanced sound emanating from our iconic Dual Plane Stabilized Diaphragm™ Tweeters and premium Glass Fiber woofers in true Origin style. Each bespoke soundbar is fully built-to-order to offer an exact match for any model of TV, to match the required visual symmetry within any indoor space up to 500 sq. feet.

SHALLOW FORM, HIGH OUTPUT ACOUSTIC ALUMINUM

CRAFTED FROM ALUMINUM EXTRUSION WITH 316L STAINLESS HARDWARE

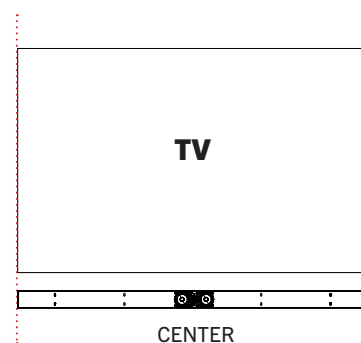

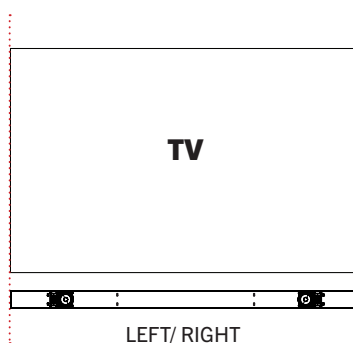

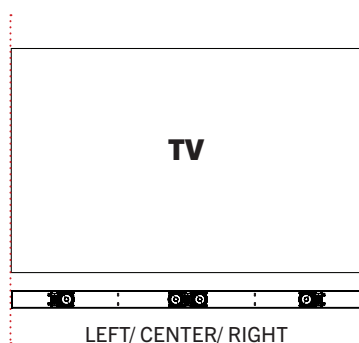

Lightweight aluminum construction provides exceptional durability, acoustic stability, and long-term reliability. Combined with stainless steel hardware, the SBR4 is engineered for years of dependable performance in **interior environments**. The slim enclosure and tapered rear profile allows for integrated installations where depth is limited without compromising performance.

CONFIGURE THE SYSTEM FOR THE SPACE

All models are engineered for LCR performance, with the flexibility to upgrade to a full LCR configuration if a Left/Right or Center channel was initially purchased.

Choose the channel configuration that best fits the project:

- **LCR** - Left, Center, and Right channels for a broader, more dynamic soundstage
- **LR** - Stereo playback from a single enclosure.
- **Center Channel** - Dedicated center channel optimized for dialogue and television content.

SBR4

Select the preferred installation method to suit any setup.

Each Soundbar includes 2 options for Wall-Mounting: 1: Wall Cleats (Single or Double Low Profile Z-Brackets) with a reversible wall-mount template for quick and precise installation, or 2: standard Thru-Hole Anchors. To achieve a seamless “edge-to-edge” look, a VESA Bracket is available for direct-to-TV mounting, compatible with Articulating VESA TV Mounts (purchased separately). This offers a final flush appearance between the bottom and face of the television once mounted, and allows for articulation.

WALL-MOUNTING OPTIONS

1 WALL CLEATS (FOR SMOOTH SURFACES) INCLUDED IN BOX

2 THRU-HOLE ANCHORS (FOR ROUGH SURFACES)

FINAL APPEARANCE: SOUNDBAR CAN SIT FLUSH OR INTENTIONALLY SPACED FROM BOTTOM OF TV
SOUNDBAR MAY PROTRUDE FROM FACE OF TV

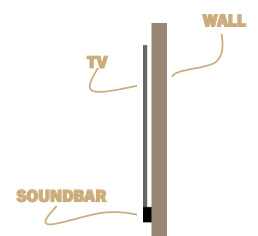

TV-MOUNTING OPTION

3 VESA BRACKET: (FOR MOUNTING TO THE TV) FOR PURCHASE SEPARATELY

FINAL APPEARANCE: SOUNDBAR SITS FLUSH WITH BOTH BOTTOM & FACE OF TV

SPECIFICATIONS

SBR4

Woofers	3 ½" Glass Fiber Cone
Tweeter	1" Silk DPSD™
Configuration	L/R C LCR
Impedance (L/R C)	8Ω 4Ω
Frequency Response (-3dB) (L/R C)	124Hz - 20kHz 119Hz - 20kHz
Frequency Response (-10dB) (L/R C)	82Hz - 20kHz 88Hz - 20kHz
Power Handling (L/R C)	20W 40W
Sensitivity (L/R C)	82dB 87 dB
Peak Output (L/R C)	102dB 106dB
Subwoofer Recommendation	8" or 10"
Enclosure Material	Aluminum Cabinet

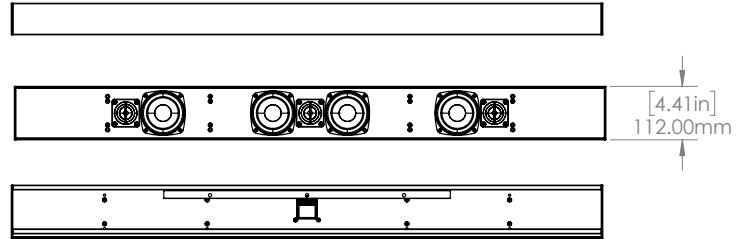

SBR LENGTH / TV DISPLAY WIDTH

102–115" wide
90–101" wide
76–89" wide
67–75 wide
58–66" wide
49–57" wide
37–48" wide

DIAGONAL TV SIZE (16:9)

117–132" TV Size
101–116" TV Size
85–100" TV Size
75–84" TV Size
65–74" TV Size
55–64" TV Size
42–54" TV Size

CHANNELS: Left Center Right (-LCR) • Stereo Channel Left Right (-LR) • Single Channel Center (-C)

MATERIALS: Aluminum extrusion / 316L hardware • Flat end caps

COLOR: Black or White

FINISH: Textured, Satin, or Gloss powder coats

MOUNTING MECHANISMS:

- **Wall Cleat** (Wall-Mounting) (for smooth surfaces) (included in box)
- **Thru-Hole Anchors** (Wall-Mounting) (for rough surfaces)
- **VESA Bracket** (for mounting to TV) (VESA Bracket for purchase separately)
